

JAMAICA INN

Activities Guide

A wide-angle, high-angle aerial shot of a tropical beach. The beach is a mix of light tan sand and darker, shaded areas. Numerous palm trees are scattered across the sand, some with thatched umbrellas. In the foreground, the edge of a swimming pool with decorative tiles is visible. The water is a vibrant turquoise color, transitioning to a deeper blue further out. In the distance, a small, densely forested island or peninsula extends into the sea. The sky is a clear, pale blue with a few wispy clouds.

Where life is simplified,
experiences are prioritised,
and you can reconnect with
what's truly important. This is
escape, perfected.

Experiences across the Island

A scenic tropical river scene. The river flows from the foreground into the distance, surrounded by dense green vegetation, including palm trees and various tropical plants. Several colorful wooden boats are moored along the banks. In the background, the river opens up to a coastal area with more boats and a small structure on the shore. The sky is clear and blue, suggesting a sunny day.

Experiences on the Island

Dunns River Falls

Take Jamaica Inn's local fishing boat 'Little Children', for a drive down the coast to Dunns River Falls. One of Jamaica's natural wonders, climb up the beautiful waterfall lead by a certified tour guide.

Experiences on the Island

Nine Mile

Did you know that our great reggae artiste was born in the hills of St. Ann, the same parish that Jamaica Inn is located in? The Bob Marley Mausoleum is located in Nine Mile and is managed by members of Marley's family. Nine Mile is where Bob Marley's musical career began and also influenced many of his songs. Another highlight is the Rasta-colored "rock pillow" on which Marley laid his head when seeking inspiration. Pay your respects to him here at his burial site.

Experiences on the Island

Glistening Waters

Glistening Waters is a glowing lagoon on the north coast of Jamaica. This marvel is only found in 4 places in the world, however, this lagoon is the brightest of them all due to more consistent climate. The water is filled with phosphorous which allows it to illuminate so brilliantly when disturbed.

Experiences on the Island

Blue Mountain Bicycle Tour

Drive to a starting point atop Blue Mountain and enjoy a leisurely downhill bike ride through tropical rainforest, home to hundreds of species of birds and blossoming plant life. View the world famous Blue Mountain coffee plantations. Finish your tour with a cool dip in a waterfall.

Experiences on the Island

Worthy Park Rum Tour

Elevated 1,200 feet above sea level in the cool hills of St. Catherine, is the Worthy Park Estate; a rum distillery that's known for creating one of Jamaica's smoothest rums.

Located just 50 minutes from Ocho Rios, learn about the rich history of rum making from 1670 into present day. Watch as sweet sugarcane converts into pure, premium Jamaican rum, explore the distillery and finish off the day with a rum tasting of course!

JAMAICA INN

Experiences on the Island

Rafting on the Martha Brae

Climb aboard a 30-foot, bamboo raft for an authentic Jamaican experience. Sit back and relax in your personal raft as your captain skilfully navigates the jade-green waters of the Martha Brae River located in the parish of Trelawny. Trail your hand in the shimmering waters and gaze into the trees filled with colourful birds and exotic flowers. Surrender to the romance of the moment as you float in the cool water glistening in the beautiful Caribbean sun.

Experiences on the Island

Stush in the Bush

Stush in the Bush is an organic farm-to-table vegan dining experience that takes patrons into a gastronomic euphoria. Set in the luscious hills of St. Ann, your day here starts with a walking tour of the farm, learning about what you'll eat, and then proceeds to a beautiful rustic cabin with tremendous views for your meal.

Thank You
